Hanging Rock Walk

This track starts near the wombat enclosure and takes you for a walk along the base of the cliffs in the Zoo and through the rainforest. Enjoy the sounds and smells of the forest and glimpses of the beautiful Shoalhaven River. Stay on the paths and read any safety information.

Adventure Walk

A bit more demanding than the Hanging Rock Walk, the Adventure walk takes you through caves, up and down ladders and across bridges as you explore further along the rainforest in the Zoo. Discover a different world. Stay on the paths and read any safety information.
